This course is an overview of the role of subject area teachers in assessing, accommodating, and supporting the education of diverse students with disabilities and other special needs in urban grades 5-12 classrooms. The course will address what teachers should know about exceptional learners, including students with disabilities and students with special gifts and talents. The responsibilities of general education teachers in service to students with special needs who are included in the mainstreamed classroom will also be examined, and practice will be provided for developing lesson plans and assessments that meet the needs of students with exceptionalities. Special education law and collaboration with special education staff will be discussed in the context of reviewing current research, issues and best practices for pre- and post-special education service needs of exceptional learners in urban public schools. Clinical field experience hours are part of the course requirements.
