A. Course Description

Credits: 4

Lab Hours/ Weeks: Corequisites: None

Lecture Hours/ Week :

MnTC Goals: Goal LS - Upper Division Liberal Studies, Goal 05 - Hist/Soc/Behav Sci

This course gives an overview of issues and concepts of developmental disabilities. We will explore the cognitive and behavioral science evidence that helps us to better understand developmental disabilities, as well as the psychological, and cultural contexts that are experienced by individuals with developmental disabilities and their families. Through readings, lectures, discussions, activities and assignments, we will explore evidenced-based practices and psychological theory and research. Topics of developmental disability across the life span will include, but not limited to: etiology, diagnoses, risk factors, prevention, integration of individuals with specific types of developmental disabilities, family and community support.

B. Course Effective Dates: 08/01/1998 - 09/05/1999 09/06/1999 - 05/06/2014 05/07/2014 - Present

C. Outline of Major Content Areas:

See Course Description for major content areas.

D. Learning Outcomes (General)
