Lab Hours/ Weeks: Corequisites: None

MnTC Goals: None

This Capstone Course is designed to provide the student with an opportunity to apply their knowledge of a chosen professional role through an individually designed project. Students will apply into practice the knowledge and principles learned within the Dental Hygiene Bachelor of Science courses. Through implementation of both an instructor led and self-directed learning experience (contract) related to their area of interest, students will demonstrate their understanding of the expanding role of the dental hygienist in the health care system. Attention is given to health equity, to include emphasis on cultural competence, racism and health literacy.
