A. Course Description

Credits: 4

Prerequisites: HRM 310 Human Resource Management: A Strategic Framework

Corequisites: None

This course examines principles and practices of compensation management to support organizational mission and goals. Topics include job analysis, job evaluation, external market analysis, pay structures, salary administration, motivation theories and legal principles. It covers the concept of total compensation by examining the integrated roles of base pay, employee benefits, and incentive programs within an organization. It is intended for people who will design, develop, implement and/or administer compensation programs.

B. Course Effective Dates: 09/06/1999 - 12/16/2006 12/17/2006 - Present
