A. Course Description

Credits: 4

Lab Hours/ Weeks: Corequisites: None

Lecture Hours/ Week:

MnTC Goals: None

This course focuses on usability and user experience for technical and information products. Students learn concepts, principles, processes, and methods of usability and user experience. Students work in teams and conduct a usability study systematically to improve an information product. Topics also include usability in business and organizational settings, usability workflow and governance. Students will also interact with user experience professionals.

B. Course Effective Dates: 12/14/2016 - Present
