Lecture Hours/ Week :

MnTC Goals: None

Social work majors are involved in supervised social work practice in the Twin Cities for 20 hours weekly during the last semester of their senior year. Faculty assign students to an agency or setting based on students needs and interests, and the capacity of the agency or setting to meet those needs. Students practice social work in at least two of the following categories: individuals, families, groups, organizations or communities. Master's-prepared community social workers supervise the students' practica. Students are expected to contribute their knowledge of social work practice with people of color, acquired through their junior year social work curriculum to enrich the agency or setting and its services. Prerequisites: Completion of all major requirements. ** Note: this is a variable credit course with credit range of 2 - 5.
