A. Course Description

Credits: 2

Prerequisites: MIS 600 Management Information Systems

Lab Hours/ Weeks: Corequisites: None

Lecture Hours/ Week :

MnTC Goals: None

This course will cover a range of Internet and telecommunications services, applications and the management of telecommunications operations within a business enterprise. It will address the impact of various telecommunications services on day-to-day business operations and analyze the productivity and revenue-enhancement potential available to business. This course is targeted at students who are working business managers with a need to understand the impact of the new and emerging telecommunications services and how they can be harnessed to add value to business operations.

B. Course Effective Dates: 05/09/2009 - Present
