A. Course Description

Credits: 2

Prerequisites:

- MIS 600 Management Information Systems
- OR
- MIS 663 Strategic Management of Technology and Innovation

Lab Hours/ Weeks:

Corequisites: None

Lecture Hours/ Week :

MnTC Goals: None

The Management of Technology has become an important discipline within the field of MIS. In this second course of a two course sequence, you will build on the basic principles of technological change and the mgmt of that change in modern institutions, to learn how to generate and foster innovative technological environments, and how to become an agent of technological change. We will look at innovation models, moving from research and emerging technologies to mature technologies, how to make technological change a key element of strategy with high payback and many more, using state-of-the-art technologies and real world case examples.
