Prerequisites: NURS 682 Curriculum Design and Evaluation AND NURS 683 Foundations in Program Evaluation for Nursing Education

Lab Hours/ Weeks: Corequisites: None

Lecture Hours/ Week :

MnTC Goals: None

This practicum provides students with a guided experience in the processes of teaching and student evaluation in a classroom or clinical setting. Students will apply the teaching/learning concepts studied in NURS 682 and NURS 683 in a selected nursing course. Students will work with a preceptor in the planning and implementation of curriculum or a course, specifically including the evaluation of learning outcomes of students who are participating in course room or real/simulated clinical settings. Practicum experiences will be individually designed through the use of leaning contracts in consultation with the N 684P instructor and preceptor. The student completes at least 200 practicum hours in the educational site under the supervision of the preceptor. Competence Statement: Knows and can apply principles of teaching and learning well enough to teach in classroom/online or in clinical settings, and evaluate students.
