A. Course Description

Credits: 2

Prerequisites: NURS 679P Anesthesia Clinical Practicum II

Lab Hours/ Weeks: Corequisites: None

Lecture Hours/ Week :

MnTC Goals: None

Course Description: This is the third in a series of six clinical practicum courses. In this practicum, students combine intermediate didactic knowledge and psychomotor skills in assessment, planning, and implementation/delivery of perioperative anesthesia care under close supervised monitoring and mentoring by licensed/certified anesthesia providers in MSA member hospitals throughout the Twin Cities. Students complete a minimum of 240 hours of supervised practicum as a student nurse anesthetist. Competence Statement: Knows the principles and practice of nurse anesthesia care well enough to assess, plan, and implement an anesthetic care plan, at an intermediate level, under close supervision of a licensed/certified anesthesia provider.

B. Course Effective Dates: 05/11/2019 - Present

C. Outline of Major Content Areas:

See Course Description for major content areas.

D. Learning Outcomes (General)

1. Develop and conduct a preanesthetic assessment.
2. Formulate an anesthesia care plan.
3. Complete a room set-up for an anesthetic case.
4. Maintain a complete medical record for an anesthetic case.
5. Develop the process of an anesthetic induction.
6. Develop the process of anesthetic management.
7. Develop the process of anesthetic emergence.
8. Develop post-anesthesia care handoff to recovery room personnel.
9. Demonstrate professional and personal responsibility in all clinical interactions.
10. Follow universal precautions in all patient contact.

E. Learning Outcomes (MN Transfer Curriculum)

This contains no goal areas.

G. Special Information
