Metropolitan State University

NURS 689P : Anesthesia Clinical Practicum IV

A. Course Description

Credits: 2

Prerequisites: NURS 688P Anesthesia Clinical Practicum III

Lab Hours/ Weeks: Corequisites: None

Lecture Hours/ Week :

MnTC Goals: None

This is the fourth in a series of six clinical practicum courses. In this practicum, students combine advanced intermediate didactic knowledge and psychomotor skills in assessment, planning, and implementation/delivery of perioperative anesthesia care under some supervised monitoring and mentoring by licensed/certified anesthesia providers in MSA member hospitals throughout the Twin Cities. Students complete a minimum of 240 hours of supervised practicum as a student nurse anesthetist. Competence Statement: Knows the principles and practice of nurse anesthesia care well enough to assess, plan, and implement an anesthetic care plan, at an advanced intermediate level, under some supervision of a licensed/certified anesthesia provider.

B. Course Effective Dates: 05/11/2019 - Present

C. Outline of Major Content Areas:

See Course Description for major content areas.

D. Learning Outcomes (General)

1. Conduct a preanesthetic assessment.
2. Formulate and carry out an anesthesia care plan.
3. Complete a room set-up for an anesthetic case.
4. Maintain a complete medical record for an anesthetic case.
5. Conduct the process of an anesthetic induction.
6. Conduct the process of anesthetic management.
7. Conduct the process of anesthetic emergence.
8. Conduct post-anesthesia care handoff to recovery room personnel.
9. Demonstrate professional and personal responsibility in all clinical interactions.
10. Follow universal precautions in all patient contact.

E. Learning Outcomes (MN Transfer Curriculum)

This contains no goal areas.

G. Special Information
