A. Course Description

Credits: 2

Prerequisites: NURS 694P Anesthesia Clinical Practicum V

Lab Hours/ Weeks: Corequisites: None

Lecture Hours/ Week :

MnTC Goals: None

This is the sixth in a series of six clinical practicum courses. In this practicum, students combine competent, advanced didactic knowledge and psychomotor skills in assessment, planning, and implementation/delivery of perioperative anesthesia care under minimal supervised monitoring and mentoring by licensed/certified anesthesia providers in MSA member hospitals throughout the Twin Cities. Students complete a minimum of 240 hours of supervised practicum as a student nurse anesthetist. Competence Statement: Knows the principles and practice of nurse anesthesia care well enough to assess, plan, and implement an anesthetic care plan, at a competent, advanced level, under minimal supervision of a licensed/certified anesthesia provider.

B. Course Effective Dates: 05/11/2019 - Present

C. Outline of Major Content Areas:

See Course Description for major content areas.

D. Learning Outcomes (General)

1. Conduct a complete preanesthetic assessment competently.
2. Formulate and carry out an anesthesia care plan competently.
3. Complete a room set-up for an anesthetic case competently.
4. Maintain a complete medical record for an anesthetic case.
5. Conduct the process of an anesthetic induction competently.
6. Conduct the process of anesthetic management competently.
7. Conduct the process of anesthetic emergence competently.
8. Conduct post-anesthesia care handoff to recovery room personnel competently.
9. Demonstrate professional and personal responsibility in all clinical interactions.
10. Follow universal precautions in all patient contact.

E. Learning Outcomes (MN Transfer Curriculum)

This contains no goal areas.

G. Special Information

Prerequisites: Prior to taking this course, you must have successfully completed the following courses or have instructor consent: NURS 694P. Note: Clinical dates and time will be coordinated with the students and the individual clinical coordinators at member hospitals.
