A. Course Description

Credits: 3

NURS 741 Pre-Scholarship

Prerequisites:

Corequisites: None

Lab Hours/ Weeks:

Lecture Hours/ Week :

MnTC Goals: None

This course focuses on developing a proposal for a clinical scholarship project designed to improve health outcomes of a defined population. Students will identify theoretical underpinnings, analyze scientific evidence, and evaluate the literature applicable to the clinical scholarship project. Students must successfully present the clinical scholarship proposal. Students accrue 100 clinical hours related to the clinical scholarship project. Competence Statement: Knows concepts of practice project design well enough to develop and successfully present a clinical scholarship project proposal.

B. Course Effective Dates: 05/10/2014 - 12/15/2017 12/16/2017 - Present
